1. The following is an examiner's statement of reasons for allowance: Lee discloses the number of bits of image data stored in the frame memory to be modified can be changed.

However, Lee and the prior art do not teach or suggest the number of bits of image data stored in the frame memory is set based on a  $\gamma$  value of the liquid crystal display as claimed in claims 19 and 28. None of prior art teach or suggest a LCD device comprising a corrected data generating means for generating first corrected data having the same number of bits as the image data stored in the image data memory by correcting the current image data input to the image data inputting means on the basis of previous image data stored in the image data memory, and computing means for generating second corrected data having the same number of bits as the current image data on the basis of in whole or in part of the first corrected data and the current image data as claimed in claims 24 and 33.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
